

# The Mandala Center

Have you dreamed of operating or owning a retreat center where people can come to refresh the mind, renew the spirit, and heal the body? Perhaps your group is looking for the right place to call home. The Mandala Center's founder and board of directors has entered a time of discernment, considering that perhaps it is time for another cause, another person, or another group to become the stewards of this sacred space.

## The Mandala Center might be the place for you.

For over 20 years people have journeyed to this sacred place to be inspired by its beauty and enlivened by its energy. Located in the northeast corner of New Mexico, near the Colorado and Texas borders, it offers a contemplative environment that evokes the infinite potential and highest life purposes for all who visit.

The facilities include two guest houses, providing accommodations for 24 guests in 12 rooms, meeting rooms, dining areas, a meditation loft, a chapel tower, a labyrinth, outdoor decks, an outdoor shrine, a meditation walk, and a challenge course. And of course, there is the natural setting and beautiful views.
